**January 2015**

### **UTD/CTD for MAP 118-13/CAP 118-13 - Flat Rate Per Diem for Long Term TDY**

If directed in the authorization travel order this establishes a flat rate per diem allowance for long term TDY that authorizes a traveler 75% of the locality per diem rate for TDY periods over 30 days but not exceeding 180 days. This item also established a flat rate per diem allowance for TDY in excess of 180 days to be set at 55% of the locality per diem rate. This determination is effective for all travel beginning or amendments issued on or after 1 November 2014, as approved by the Chairman. Again, the flat rate per diem must be specifically directed in the order for the reduced allowance to take effect.

IATS versions 6.20.0 (Navy, Marine Corps, and Army Corps of Engineers) and 6.20.1 (DFAS and Army) have two new reasons added in the 'Computational Method of Reimbursement field'. One is Flat Rate Full Long Term TDY (FFLT) and the other is Flat Rate MIE Long Term TDY (FMLT). FFLT is used if both Lodging and MIE are to be paid at the lower (you must specify on the itinerary screen whether 55 or 75 percent) rate. FMLT is to be used for those situations where either, (1) Gov't lodging is used; (2) lodging expense is zero (not incurred at all), or (3) no lodging could be found at the lower rate and the approving official authorizes lodging up to the max rate for the locality. In these instances IATS will pay lodging at the entered amount on the screen (up to the maximum locality again), while reducing MIE to the reduced specified percentage.

Both versions of IATS are slated to be deployed on 1 December.

Mike Canada

### ***CURRENT/FUTURE RELEASES***

Current IATS Release is 6.20.1 Army, DFAS and DMPO

Current IATS Release is 6.20.0 for COE

Current IATS Release is 6.20.0 for Navy

Current IATS Release is 6.20.0 for Marines

Current DTOD Release 27.1

IATS 6.20.0 was mailed with December rates

IATS 6.20.1 deployed in December 15, 2014

Note that 6.20.0 and 6.20.1 have the Flat Rate Per Diem included on them.
