

PLEASE DISTRIBUTE TO TRAVEL BRANCH SUPERVISORS AND EXAMINERS

Volume XI

Number 3

March 2009

Insure the traveler has a valid mailing address to receive future W-2s

**Mary Thieryoung
Navy Travel Coordinator**

When entering travel claims into WinIATS, for disbursement by ADS, please make sure to enter a valid mailing address for the traveler. Without having a valid mailing address, future W-2s are being delayed in being received by the traveler. Invalid mailing address affects; delays the traveler in receiving their future W-2; increase double and even triple the postage costs for mailing duplicate W-2s for one traveler, and corrections made to the W-2s are a manual process and time consuming. Cost adds up by missing a valid mailing address.

**Memory Upgrade Requirement Change
Rob Carpenter**

With all the improvements to IATS over the past 5 1/2 years, we are now recommending that all IATS workstations contain a minimum of 1GB of RAM. In June, we will be moving from Sybase 9 to Sybase 10 when IATS 6.1.2 is released. For now, you may be able to get by with less than 1GB of RAM, but once Sybase 10 is installed your PC will require a minimum of 1GB of RAM.

Navy BBS FTP Contact Information

If you have questions regarding access to the DFAS-Cleveland BBS FTP, contact address is to the FTP Mailbox. This is monitored and is our preferred contact method. 'CCL-DFAS-FTP' or by phone DSN 580-5890/6122, commercial number 216-522-5890/6122 or email to ccl-dfas-ftp@dfas.mil to obtain answers to your questions.
