SUBJECT: Rates Update CD For January 2019

NOTE: YOU MAY HAVE TO CLEAR THE CACHE ON YOUR COMPUTER WHEN TRYING TO DOWNLOAD RATES.

The following is a list of items enclosed:

- A. Information cover sheet and instruction sheets for loading rates for IATS
- B. IATS flyer for January 2019
- C. 1 mini CD labeled: January 2019 RATES UPDATE (now with the IATS 7.0 manual)

IATS RATES UPDATE INSTRUCTIONS

A. This month's update includes OCONUS rates eff 1-01-2019, Mileage rates eff 01-01-2019, updated Federal Holiday table for 2019 and new or updated ILPP rates for 2019.

Step 1 Copy the file UPDATE288_Jan0119.ZIP to the location you will use for this and later updates. (You can leave the updates on the (CD) and have the system look for the update on the CD each month) Once IATS learns this location it will remember it from the previous update

Step 2 Login to Maintenance with a user who has rights to update rates. A Superuser works well.

Step 3 Expand the "Configuration/Base Parameters"

Step 4 Click the entry "Update All Rates/Locations"

Step 5 Browse the "Show update-files in directory" on the UPDATE RATES AND LOCATIONS screen and find where you copied the attached file. Note: If the files were copied in the same locations as last month's update, the file should be displayed.

Step 6 If step 5 was correct you will see the current update in the "Available update-files:" block. Click the "Update the rates/Locations using the Selected Files" button to begin.

Step 7 Answer the prompts

B. This month's update does not include the latest bank routing numbers.

(No Bank Routing Numbers. The Federal Reserve has restricted access to the list of Bank Routing Number. Updating of Bank Routing Numbers is no longer possible.)

NOTE: Check these locations to insure the rates updated. If WinIATS rates are different you will need to contact DFAS or your WinIATS support organization. Do not do this lookup in Maintenance since you may accidentally override one of the dates. Use the rate lookup option.

COUNTRY OR STATE / CITY	DATE	LODGING	M&IE	MAXIMUM
CANADA WHISTLER BC	1/01/2019	228	118	346
NEW ZEALAND OTHER	1/01/2019	119	95	214

These are only some of the locations that have changed. They are listed so you have a location toward the front of the alphabet and the end of the alphabet to check. If these updated correctly then the theory is that all the locations between have updated. You can use other locations from the PDTATAC web site to check the rates also.
